

Power Pockit® 5W

12VDC PUCK LIGHTING

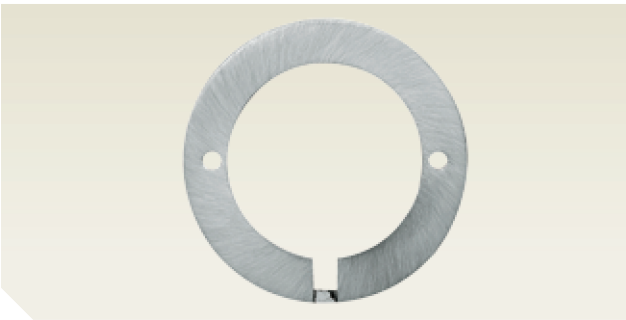

290 Lumens

The next generation of Power Pockit® is an astounding 2.5x brighter than our original industry leading 3W version. With Luniform technology, 290 lumens of light is evenly distributed and eliminates the “dotted” appearance on surfaces. ► Luniform technology provides superior light output and uniform light spread without any “dots”

► Surface mount ring included

► Thin profile: Just 1/4” (6 mm) depth when recessing
3/8” (9.5 mm) when surface mounting
