light-to-light without a link

spots, only a continuous line
of light.

The FineLine features
a sturdy aluminum
body

Clips with screws

Longer size, less linking,
faster installation!

2.4W/ft

Long and narrow, the FineLine is the easy way to provide smooth, linear lighting almost anywhere. The FineLine's three lengths offer a wide range of installation options. The longest length (22 inches/559 mm) exceeds the industry benchmark by spanning farther than other "stick" type products. Installation is a snap, with six Link Cord sizes, direct *fixture-to-fixture* linking capability and simple U Clip mounting.

The low-profile FineLine features a frosted diffuser for perfect, even illumination. An optional Inline Touch Dimmer attaches directly or remotely via link cord to the light and features four dimming levels (lo-med-hi-off). Manual or remote control dimmers are also offered.

Power Supply: The FineLine requires a 60W 12VDC Tresco® Power Supply (L-DC-ELT60-CON) that comes with one 6-Snap Mounting Block.
